FOR OVERSEAS BUYERS

From shortlist to inquiry.

Use model codes to identify the products you want to discuss.

01 Build your shortlist

Browse the product families and note the exact model codes. Product images help identify the range; request current visuals or further product information for your selected models.

02 Share the destination

Tell us your destination country, sales channel, intended use and expected order quantity. We will discuss the relevant product configuration for your market.

03 Confirm the details

Before an order, confirm the selected model, specifications, voltage and frequency, plug type, packaging, required documents and applicable service terms.

04 Request a quotation

Send your list to FEICHEER by email or WhatsApp. We will use the model codes and your requirements to prepare the next step.
